

Terms & Conditions:

Confirming the vehicle authenticity is the responsibility of the purchaser. Last Check's report is limited to checking the performance and visual condition of the vehicle.

VIN and Engine number can be checked for tampering however not guaranteed. Last check can only check the engine number from the engine if it is clearly visible otherwise the number will be copied from the registration papers if available.

Our service is a visual road side inspection only and no vehicle component can be removed or fixed as a result. At the same time our Inspectors are not allowed to open or move any part of the vehicle for diagnostic purposes or reset the car computer to clear faults.

The inspectors' role is NOT to diagnose any faults but it is to inform the client of anything that's alarming on the vehicle if they show up on the road side inspection.

Please note that last check is not a mechanic service. We are a group of professional vehicle inspectors with strict guidelines and we endeavour to give you the most detailed inspection report based on the road side inspection merits.

Last check service like all mobile inspection company offers a roadside inspection therefore whilst every care is taken sometimes not all the faults can be detected. A detailed inspection at a proper workshop is highly recommended if you need a more accurate report.

Last Check's report is not a warranty or guarantee; it is only intended as an advice for the person(s) named on this form and is not to be relied upon by any third party or for any other purpose.

What we don't check - Fuel and oil consumption, timing belts, alarm/security system, trip meters, navigation equipment / GPS, operation of TV, cassette or compact disc player, automatic switching of wipers and lights, water leaks, engine compression, airbags, ABS system, automated park or breaking system.

Please note that Last Check is not in the position of making any decisions on your behalf. Our recommendations are also based on what we have inspected and have only advisory value.

All vehicles are inspected as presented, please ensure that you are aware of the vehicles options and features example: Air bag quantity, Engine specifications, cruise control etc, as this can vary from model to model as an option.

Issues such as oil leak are very slow processes and can be cleaned easily especially if the leak is not too severe. Last check can only provide report based on what was seen on the inspection date.

A minimum of half an hour test drive before settlement is always recommended to ensure the authenticity of the vehicle condition.

We strongly recommend that you do the final check at the time of settlement and check under the vehicle for possible oil leaks again to ensure nothing has been altered or changed on the vehicle from the time of inspection.

State Laws:

Every state has its own transport rules and last check is not in the position to give the client any advice on them. If you intend to register the vehicle in a particular state including NSW, or if you have any questions regarding the vehicle modifications please contact the relevant authorities directly.

Vehicle History report:

Last Check will provide you with all the information that has been stored in PPSR data base up to the time of inspection. Please keep in mind that some information might have not been noted in the report or need further updating. Last Check cannot be held accountable for any out of date information provided by PPSR.

In some cases the history of the vehicle doesn't exist in the government data base which means the VIN is not recognisable. If it is the case, Last Check will provide you with the original copy of the notification but it is the responsibility of the buyer to contact PPSR or other authorities for more information.

We strongly recommend that you do the final check at the time of settlement to ensure nothing has been altered or changed on the vehicle from the time of inspection.

As our valued client you can get in touch with us and speak directly to your inspector or the supervisor if you have any other concerns regarding your vehicle.

Refund Policy:

When you make a booking with us, our main goal is to give you the best service exactly at your preferred time. Your booking will remain unchanged and we do not accept any jobs for that particular date and time. At last check our valued customers always come first which means if you have booked an inspection for a certain date and you no longer want the service, you are entitled to a full refund of your payment.

A full refund will be the case as long as you notify us by latest 8pm of the day before your booked date.

For any cancellations that happen after 8pm of the day before or for the cancellation that happen right on the inspection date, you are still entitled for a refund but only 50% of the amount will be returned.
